

## **Hardcore Rock n Roll**

(Classic rock version)

She's got raven eyes, she's got Egyptian smile  
She's gotta hot, ragin' fire in her soul  
She's gonna take everything you got  
Her name is hard core rock n roll

Hard core rock n roll 3x

You're gonna dance all night  
You're gonna dance all day  
You're never gonna get away  
We got your number and it's very clear  
The name is hard core rock n roll!

Hard core rock n roll 3x

You're in a hot red Jaguar on a one way ride  
And you're never ever gonna grow old  
That's the ticket on a Saturday night  
The name is hard core rock n roll!

Hard core rock n roll 3x
