

Some Kinda Monkey

When you were young,
you weren't like the other boys
You never had any toys
But you were happy, spinning 'round in the rain
You learned to dance to your own parade

There goes your song to the top of the pops
But you were quite unprepared for the drop
Some kinda monkey, takin' a curtain call
Some kinda monkey, climbin' up your wall

The songs used to justify your life
Your guitar was something like a wife
But now the colors have all begun to fade
And so you twirl the razor blade

There goes your song to the top of the pops
But you were quite, unprepared for the drop
Some kinda monkey, makin' a business call
Some kinda monkey, climbin' up your wall
The monster's feelin' mean, just like Halloween
Some kinda monkey, that's all

Some kinda monkey, smiling thru the cracks
Some kinda monkey, climbing up your back
You were quite free, but now you're just like me
And that's all you'll ever be

Derman/Ballard
