

Hardcore Rock n Roll

She's got raven eyes, she's got Egyptian smile
She's gotta hot, ragin' fire in her soul
She's gonna take everything you got
Her name is hard core rock n roll

Hard core rock n roll 4x

You're gonna dance all night
You're gonna dance all day
You're never gonna get away
We got your number and it's very clear
The name is hard core rock n roll!

Hard core rock n roll 4x

Lookin' for a sound, to sell
But that's a merry-go-round
In this lonely town, you found
A way to stop runnin', you gotta stop runnin'

Repeat Chorus

Derman/Ballard
