

## Transformer

How many times was I flyin'?  
How many times did I fall?  
Maybe you just didn't notice, at all  
Is merely survival  
The name of the game am I poised for a fall?

Hold on transformer You're our guiding light  
Hold on transformer Tonight !

Slinking my way through the city  
Stopping in well flavoured bars  
Looking for messages long dead, in the stars  
Stay here and you're liable  
To fall out of the game Will you take it that far?

Hold on transformer You're our guiding light  
Hold on transformer Tonight !
