

Somewhere

Sunlight, hold tight, the world disappears
Starlight, cool night, calms all of our fears

You put yourself on a cross as the lonely one
But that's just a lie you're not the only one, only one

Somewhere, somehow, someone to love

Silver rain, brought the pain You gave into your fear
But the man came, and changed your name
Love was so near

You put yourself on a cross as the lonely one
But that's just a lie you're not the only one, only one

Somewhere, somehow, someone to love
